## Suffered 20 Years.

MRS. MARY LEWIS, wife of a prominent farmer, and well known by all residents near Delmar, N. Y., writes: "For twenty-seven years I had been a constant sufferer from nervous prostration, and paid large sums of money for doctors and advertised remedies without benefit. Three years ago my condition was alarming; the least noise would startle and nerve me. I was unable to sleep, had a number of sinking spells and slowly grew worse. I began using Dr. Miles' Restorative Nervine and Nerve and Liver Pills. At first the medicine seemed to have no effect, but after taking a few bottles I began to notice a change; I rested better at night, my appetite began to improve and I rapidly grew better, until now I am as nearly restored to health as one of my age may expect. God bless Dr. Miles' Nervine!"

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

## Mass Convention.

The Republicans of the city of Seymour are called to meet in mass convention at the council chamber on Monday evening, January 10, 1898 at 7:30 o'clock for the purpose of electing a committeeman from each ward. All Republicans in Seymour are urged to be present. By order of committee.

W. H. BURKLEY, Chairman

BRYAN is telling the Mexicans what the blessings of free and unlimited coinage of silver are, and getting applauded.

WHAT President Parsons had to say to the L. yal Legion in the way of criticism of the school history used in Indiana sounds very nice, but it would sound still better if Prof. Parsons were not a member of the state board of education which accepted and adopted the school history as it now is.

It is not statesmanship that actuated the democrats in congress to meet in caucus and pass resolutions to obstruct important legislation during the present congress but democratic politics. It has ever been thus with the democratic party. The caucus resolutions surprise no one. Nothing better was expected from the Bailey leadership.

## The Goss Family.

The Goss family, of this county, which held a reunion last Sunday, is a remarkable one in some respects. There are ten children living, ranging in age from forty-one to sixty-one. There are seven boys, who average 210 pounds in weight, and three girls, who average 160, the family of ten weighing exactly 2,150 pounds. Two of the sons measure exactly five feet, ten and three-quarters inches in height, and two others five feet, ten and one-half inches, while the greatest difference in height, of all the boys is only three inches from the least to the tallest. The family and descendants number nearly one hundred. All are farmers save two one being a civil engineer in New Mexico, and the other a miner in the Klondyke region.

The annual meeting of the Seymour Bible Society, auxiliary to the American Bible Society will be held at the Presbyterian church, Sunday evening, Dec. 26, at 7 o'clock. Rev. W. J. Vigus state agent of the society, will be present. An interesting program is being arranged. Everybody is cordially invited to anticipate. The choirs of the participating churches are specially and urgently requested to assist.

## MONTHLY SUFFERING.

Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, sides hips and limbs. But they need not suffer.

These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.

## McELEE'S Wine of Cardui

makes menstruation painless, and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all this pain. Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle to-day?

For advice, in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

Mrs. ROZENA LEWIS, of Denaville, Texas, says: "I was troubled at monthly intervals with terrible pains in my head and back, but have been entirely relieved by Wine of Cardui."

### INDICTMENT QUASHED.

Case of the State vs Frank Coryell Ended Suddenly at Columbus.

The case of Frank Coryell charged with the murder of Mrs. Ellen Banks was called in the Bartholomew circuit court today. About fifty witnesses from this county went up this forenoon. The prisoner is represented by attorneys Lewis & Lewis and D. A. Kochenour, while the prosecution is in the hands of Attorneys Honan and Shea.

LATER.—The following telegram was received from John M. Lewis, Jr., at 10:20 this forenoon:

SPECIAL TO REPUBLICAN.  
COLUMBUS, Ind., Dec. 16.—In the case to the state of Indiana vs. Frank Coryell charged with the murder of Mrs. Ellen Banks, the indictment was quashed.

A telegram was also sent, notifying witnesses of the court's rulings and that it would be unnecessary for them to come, but this message was not received until after the northbound train had gone.

With the indictment quashed it is probable that Coryell will be brought to this county and held in jail until the next grand jury acts on his case.

### HOLDEMAN INDICTED

Grand Jury Charges Him With Embezzlement and Grand Larceny.

WITH ROPE AND DYNAMITE

Wife of a Convict Sees the Man Her Husband Shot For \$2,000 Damages—Indiana State Grange—Serious Runaway Accident—Conductor Glover Loses Both Legs While Switching.

GOSHEN, Ind., Dec. 16.—The grand jury yesterday returned a 6-count indictment against ex-Treasurer Holde-man, charging him with embezzlement, grand larceny and misappropriation of trust funds. Holde-man left Goshen two weeks ago, and as yet has not been apprehended.

HUSBAND IN THE PEN.

Wife Sees the Man He Shot For \$2,000 Damages.

EVANSVILLE, Ind., Dec. 16.—A peculiar suit has been filed by Mrs. Nora Hedrick, in the Dubois county circuit court against Michael McNellis, a saloonkeeper. The plaintiff asks for \$2,000 damages. Last July Herbert Hedrick, husband of the plaintiff, while intoxicated, shot the defendant in the leg. He was arrested and sent to the penitentiary. Mrs. Hedrick in her complaint claims that McNellis sold her husband whiskey, which intoxicated him and which caused the shooting affray.

UNDER THE ENGINE.

Conductor Glover Loses Both His Legs While Switching.

BEDFORD, Ind., Dec. 16.—Conductor William D. Glover of the stone train, running between Bedford and the quarry, had both legs cut off at the knees yesterday. He was switching at Dark Hollow quarry and the running board on which he was standing broke, throwing him under the engine. He is a man of family, his wife being a daughter of the late David Harrison, once prominent throughout the state.

BEECHWOOD SOLD.

Beautiful Home to Be Converted Into a Stock Farm.

MILTON, Ind., Dec. 16.—Rufus Lindsay of St. Louis, has purchased the late Isaac Kinsey's Beechwood farm for \$35,000. It is one of the finest farms in Indiana, consisting of 500 acres. The house is on a high hill, commanding a view of the Whitewater valley for miles, and has a fine park, surrounded with statuary. At night the park is illuminated by artificial gas. Mr. Lindsay will convert the place into a fine stock farm.

HANGING AND DYNAMITE.

Double Route Used by John Kelly in Suietiding.

WOODLAWN, Ind., Dec. 16.—John Kelly, who was lately released from the Logansport insane asylum, has committed suicide by hanging. To make success doubly sure Kelly hanged himself from a stick of dynamite by means of a slow fuse. His arms and legs were blown off. He was 42 years old, and leaves a wife and large family. Kelly was once quite prosperous.

Attempted to Kill His Wife.

SPEARSVILLE, Ind., Dec. 16.—John Taylor, who resides at Budd's station, came here last night, and in a quarrel with his wife shot her in the arm. Taylor had to be held to keep him from killing the woman after he had been disarmed. He said he was sorry the bullet did not strike her heart, instead of her arm.

Atto Impure Meat.

ELWOOD, Ind., Dec. 16.—Three more families in this city have been prostrated by eating impure meat, and physicians had difficulty in restoring several of the members. The families of Thomas Carl, John Keller and Mrs. Webb were the victims, all of whom

### HAWAIIAN SITUATION

Ex-Minister Foster Talks Entertainingly on Annexation.

### THE RECIPROCITY TREATY.

Refusal to Annex the Islands Would Leave That Instrument In Force and Its Political Clauses Might Become Embarrassing—Hawaii Likely to Turn to Great Britain If Refused Admittance.

WASHINGTON, Dec. 16.—Ex-Secretary of State John W. Foster, who, while a member of the Harrison cabinet, negotiated the first treaty annexing Hawaii to the United States, and who has since visited the islands and taken much interest in their acquisition, when asked yesterday as to the status of the annexation question said in part:

"The opponents in congress of Hawaiian annexation will not have disposed of the question by voting against and defeating this measure. They must decide what shall be the policy and conduct of the United States toward the islands in the future. Having refused the application of the island government for incorporation into our union, such an act necessarily carries with it the right of the former to determine its own political destiny uninfluenced by considerations affecting the United States.

The senate and house both, said Mr. Foster, have declared that foreign intervention in the political affairs of the islands would be regarded as unfriendly to the United States.

"The rejection of annexation would in effect nullify the declaration cited, but there would still be the reciprocity treaty. It would be easy to annul the commercial clauses of that convention, but the political clauses of that treaty present a different question. They are two in number: First a stipulation on the part of Hawaii not to lease, dispose of or create any lien upon any port, harbor or other territory to any other government; and second, to grant to the United States the exclusive right to Pearl river harbor as a coaling and naval station. The first of these political clauses might terminate with the treaty and after the rejection of annexation it would be inconsistent on our part to insist upon its maintenance.

"The second clause, however, is held by the senators who ratified the treaty to be a permanent grant. The denunciation of the reciprocity treaty would still leave us with the grant of Pearl Harbor. It is the only place suitable for a naval station in those islands or anywhere within a radius of 3,000 miles. Whatever may be the sentiment of the American people as to annexation, I doubt whether they would approve of the surrender of this very valuable station for our growing navy. And yet with the rejection of annexation we must look forward to the certainty of its eventual surrender, as our occupation would be impossible with the islands under the dominion of a powerful government.

"If the people of American origin now in control of the government are rejected by congress, they will, in my opinion, turn to their kinsmen, the English and Canadians. They have learned from the colonial history of Great Britain that wherever the British flag flies there follows equal taxation, impartial administration of the laws, and honest and orderly government. While I have no information as to the purposes of the present Hawaiian rulers, I feel sure that when it is finally ascertained that they are not to be annexed to the United States they will lose no time in opening negotiations with Great Britain, and the result of those negotiations will be neither slow nor uncertain."

FIFTY-FIFTH CONGRESS.

Senate Passes the Pelagic Sealing Bill—House Considers Appropriations.

WASHINGTON, Dec. 16.—The senate yesterday adopted the bill to prevent pelagic sealing by Americans, by a vote of 37 to 14. Amendments to kill all seals as they appeared at the rookeries of the Pribiloff islands if by June 1 England had not agreed to prohibit pelagic sealing, were voted down. The resolution seeking to appropriate \$250,000 for the relief of persons in Alaska, after debate was referred. The session closed with a civil service debate.

The house spent the day in the consideration of the legislative, executive and judicial appropriation bills. Only one amendment of importance has so far been adopted. It reduced the clerical force at the pension office, saving in salaries \$115,000.

Populists Will Caucus.

WASHINGTON, Dec. 16.—The Populists have decided to hold a caucus tonight to outline their policies on pending questions. They will probably oppose the retirement of the greenbacks, the extension of further privileges to national banks, the annexation of Hawaii and favor the recognition of Cuban independence and the repeal of the civil service law.

Senator Hanna.

WASHINGTON, Dec. 16.—Senator Hanna of Ohio returned to Washington last night. He was apparently in good health and appeared satisfied with the situation in Ohio.

Chicago Drainage Canal.

CHICAGO, Dec. 16.—In his inaugural address yesterday, President Bolde-veck, of the Chicago drainage board, made the statement that the big drainage canal which is to connect Lake Michigan with the Illinois river at Joliet, will be completed by the autumn of 1899. So far over \$20,000,000 has been expended in the work, extending over a period of five years.

### ILLINOIS STATE GRANGE.

The Organization Expresses Its Views on a Number of Subjects.

SPRINGFIELD, Ill., Dec. 16.—The State Grange Patrons of Husbandry have adopted resolutions favoring the election of United States senators by direct vote of the people; favoring the initiative and referendum; favoring international arbitration and equal suffrage of sexes; opposing the retirement of the greenbacks; opposing the reduction of taxes on national bank notes and the issuance of notes on the par value of their securities; against substitution of other than government bonds as security for national bank circulation; against the railroad pooling bill; favoring postal savings banks and free rural delivery of mails.

### WINDOWGLASS WORKERS.

Movement For Amalgamation Said to Be on Foot.

PITTSBURG, Dec. 16.—It is said that the fight in the windowglass workers' associations is likely to be complicated by an effort to form an amalgamation of the four trades—blowers, gatherers, cutters and flatteners—for the purpose of withdrawing from the Knights of Labor and joining the American Federation of Labor. A proposition with this end in view has been made by a number of dissatisfied blowers and gatherers to a conference of the four trades next week.

### ASSASSINATED.

Edward Callahan, Well Known Business Man, Killed at His Home.

CROCKETTSVILLE, Ky., Dec. 16.—Edward Callahan, leader of the Callahan faction in the Strong-Callahan feud, was assassinated at his home near here by unknown parties. Callahan was a merchant in this city, and as a business man was well known throughout the state. He was a prominent Democratic politician, and until recently was chairman of five different committees.

### THE STAR OF HOPE.

"I had lost all hope and gone to my father's tomb," said Mrs. MOLLIE EVANS, of Mount, Texas. "I gave birth to a baby a year ago, the 5th of June last," she adds, "and all the time I could do very well for 8 or 9 days, and then I began to feel very bad, my feet began to swell, and my stomach was all wrong and I seemed to suffer with everything that could be borne. I was in bed 5 months and there was not a day that it seemed I could live. We had the best doctors that our country afforded. I was a skeleton. Every one that saw me thought that I would never get well. I had palpitation of the heart, terrible headaches all the time; a bearing down sensation; a distressed feeling in my stomach; all the time I could hardly eat anything and it looked as if I would starve. All the time I would take such weak trembling spells, and it seemed as if I could not stand it. There were six doctors treating me, when I commenced taking your medicine. I had lost all hope and gone to my father's tomb. I commenced taking Dr. Pierce's Favorite Prescription, together, and I took them regularly until I felt as if life was worth living again."

"I weigh more than I have weighed for ten years. My friends say that I look better than they ever saw me. The first two bottles did me more good than all the medicine I had taken. My stomach has never hurt me since. I can eat anything I want and as much as I want. If you want to use this favor of your medicine, I am a living witness to testify to it, and will do so to anybody who wants to know further of my case."

Dr. J. C. Evans.

### SHOOTING AFFRAY AT A PARTY.

An Attempt to Put an Insulting Drunken Fellow Out of the House Results in the Instant Death of Three Men and the Fatal Wounding of Four Women. Forged Mileage Books.

CINCINNATI, Dec. 16.—Richard H. Willett, the missing cashier of the banks at Leavenworth, English and Marengo, Ind., is in this city. A dispatch from English, Ind., printed here yesterday said Cashier Willett was very ill. Instead he was in good health and when the dispatch was written was on his way with his wife and lawyer, Mr. Hatfield of Booneville, Ind., from Augusta, Ga., to Cincinnati. He says he first went to Louisville and then to Augusta, where he remained until Tuesday. He determined then to return home after being told by his attorney that the assignee of the three banks which closed Nov. 9, by his departure, would pay all their debts. Mr. Willett says he is not a defaulter and says he left \$15,000 cash which could just as well have been taken with him. He says he loaned too much. He foresaw a coming crisis and fled because he feared personal injury owing to enemies he had made in the county seat contest in that county. He says he will return to Leavenworth Saturday and will do all in his power to assist the assignee in settling the affairs of the banks.

### BLOODY WORK AT A PARTY.

Three Men Instantly Killed and Four Women Fatally Wounded.

JEFFERSONVILLE, Ga., Dec. 16.—The citizens of this place were startled by a fusillade of pistol shots at the home of R. L. Califf, where a house party was in progress. The screaming of women aroused the town and the whole population gathered about the scene of the shooting, when it was discovered that three men were lying dead on the parlor floor and three women and a girl fatally shot.

The parlor was a scene of gaiety, young folks dancing and singing alternately, and amusement was at its height when Shaw Griffin, a young man, under the influence of liquor, became too offensive in his manner toward the young ladies. Mr. Califf remonstrated with him and advised him to go home. This enraged Griffin and he drew a pistol and began to rave and make threats against his host. Califf, knowing Griffin to be a dangerous man, prepared himself and ordered the offender to leave the house.

This precipitated a fight. Seven shots were exchanged, both principals dropped dead and Clarence Jones, a young man, was also instantly killed, the three men falling within a radius of a few feet. As soon as the first shot rang out the young ladies began to flee for their lives and before the room was clear two of them were fatally wounded. Califf fired three shots, all three taking effect—one striking Griffin in the right temple and two in the breast. Griffin fired four times. One shot entered Califf's breast, killing him instantly, another struck Clarence Jones in the head and death ensued an hour later. Mrs. Califf was shot in the abdomen and her seven-year-old daughter in the neck.

When the fighting commenced the young people began to flee from danger, many of them getting into buggies and driving away.

### Forged Mileage Books.

KANSAS CITY, Dec. 16.—The Santa Fe Railroad company is said to have been swindled out of several thousand dollars by means of forged mileage books which have been sold by scalpers in Kansas City and Chicago. The fraud was discovered by the company's auditor at Topeka. John Peebles, an employee of a local scalper, has been arrested in connection with the fraud and taken to Chicago.

### AMENDED LIQUOR LAW.

Decision of the Appellate Court on the Five-Gallon Feature.

INDIANAPOLIS, Dec. 16.—The appellate court late yesterday held that persons violating the provisions of the law passed by the last legislature, amending the liquor license law, so as to forbid sales of liquor in less quantities than five gallons at a time without a county license, cannot be punished under Section 12 of the old law, which provides a fine of from \$30 to \$100 and imprisonment for not more than six months as a penalty for sales of less than a quart of intoxicating liquor at a time, but that they may be punished by a fine of from \$5 to \$200 under the general law against doing any act without a license thereto, when such license is required by any law of the state.

Burnhill of New Philadelphia, O., is dead from a stroke of apoplexy. Samuel Kiser, a farmer near Winchester, O., fell in front of a circular saw and was cut to pieces.

Lon Scott of Hagerstown, Ind., while sneezing ruptured a blood vessel and narrowly escaped bleeding to death.

Stark county (O.) commissioners will pay \$500 for the apprehension of the party who murdered and robbed John Hartong, Dec. 2. There are two medical associations in Peru, Ind., and the result is the county only pays \$500 a year for pauper physicians. Daniel Geiger, a Big Four brakeman, had both legs taken off just above the knee while switching at Springfield, O. He died from the effects.

Mrs. John Shirley of Lebanon, Ind., has sold Francis Long, a wealthy saloonkeeper for \$20,000 damages for selling her husband liquor after she had forbid it. William H. ### QUINCY'S SMALL BABY.

Fingers No Thicker Than a Darning Needle—Weights Less Than a Pound. QUINCY, Ills., Dec. 16.—Quincy boasts of having the smallest baby that has been born in the world for many years. She is the daughter of Mr. and Mrs. Frederick Slusher, and weighs a trifle less than a pound without her clothing. It was found necessary to use the dresses and underwear of a doll for her raiment. Her face is not much larger around than a silver half dollar, the fingers are no thicker than a darning needle, her feet are 1 1/4 inches in length and her legs are about as large as the ordinary little finger of an adult. Her body could be placed in a quartcup. She is 4 days old and has grown steadily since her birth, giving evidence of becoming a healthy child.

### Epidemic of Hold-Ups.

LOUISVILLE, Dec. 16.—There has been of late a regular epidemic of hold-ups in this city, they being of daily occurrence. One man was held up twice on the same street. Hiram Martin, a well known citizen, was robbed by footpads on Eighth street, near Broadway, of his money and a satchel. He came on in Eighth street, and a few blocks further along was stopped and searched again by three more highwaymen.

### Assisted a Prisoner to Escape.

TOLEDO, O., Dec. 16.—John Muchler, indicted several months ago on the charge of having assisted Harry Davis to escape from the Lucas county jail by furnishing the prisoner with saws to cut away the bars, has been found guilty. He was a turnkey in the jail when Davis made his escape.

### Coryell Murder Case.

COLUMBUS, Ind., Dec. 16.—The case of Frank Coryell, indicted for the murder of Mrs. Ellen Banks, two months ago, was called here today, having been venued from Jackson county. The defense will try to show that the shooting was the result of an accident.

## Suffered 20 Years.

MRS. MARY LEWIS, wife of a prominent farmer, and well known by all old residents near Belmont, N. Y., writes: "For twenty-seven years I had been a constant sufferer from nervous prostration, and paid large sums of money for doctors and advertised remedies without benefit. The last time I was in a hospital was in 1891. I was unable to sleep, had a number of sinking spells and shortly grew worse. I began using Dr. Miles' Restorative Nervine and Nerve and Liver Pills. At first the medicine seemed to have no effect, but after taking a few bottles I began to notice a change; I rested better at night, my appetite began to improve and I rapidly grew better, until now I am as nearly restored to health as one of my age may expect. God bless Dr. Miles' Nervine."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

### Mass Convention.

The Republicans of the city of Seymour are called to meet in mass convention at the council chamber on Monday evening, January 10, 1898, at 7:30 o'clock for the purpose of electing a committeeman from each ward. All Republicans in Seymour are urged to be present. By order of committee.

What President Parsons had to say to the Legion in the way of criticism of the school history used in Indiana sounds very nice, but it would sound still better if Prof. Parsons were not a member of the state board of education which accepted and adopted the school history as it now is.

It is not statesmanship that actuated the democrats in congress to meet in caucus and pass resolutions to obstruct important legislation during the present congress but democratic politics. It has ever been thus with the democratic party. The caucus resolutions surprise no one. Nothing better was expected from the Bailey leadership.

### The Goss Family.

The Goss family, of this county, which held a reunion last Sunday, is a remarkable one in some respects. There are ten children living, ranging in age from forty-one to sixty-one. There are seven boys, who average 210 pounds in weight, and three girls, who average 160, the family of ten weighing exactly 2,150 pounds. Two of the sons measure exactly five feet, ten and three-quarters inches in height, and two others five feet, ten and one-half inches, while the greatest difference in height of all the boys is only three inches from the least to the tallest. The family and descendants number nearly one hundred. All are farmers save two one being a civil engineer in New Mexico, and the other a miner in the Klondyke region.

The annual meeting of the Seymour Bible Society, auxiliary to the American Bible Society will be held at the Presbyterian church, Sunday evening, Dec. 26, at 7 o'clock. Rev. W. J. Vignus state agent of the society, will be present. An interesting program is being arranged. Everybody is cordially invited to anticipate. The choir of the participating churches are specially and urgently requested to assist.

## MONTHLY SUFFERING.

Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, sides hips and limbs. But they need not suffer.

These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.

**McELREE'S Wine of Cardui**

makes menstruation painless, and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all this pain. Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle to-day?

For advice, in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

Mrs. ROZENA LEWIS, of Greenville, Texas, says: "I was troubled at monthly intervals with terrible pains in my head and back, but have been entirely relieved by Wine of Cardui."

### INDICTMENT QUASHED.

Case of the State vs Frank Coryell Ended Suddenly at Columbus.

The case of Frank Coryell charged with the murder of Mrs. Ellen Banks was called in the Bartholomew circuit court today. About fifty witnesses from this county went up this forenoon. The prisoner is represented by attorneys Lewis & Lewis and D. A. Kochenour, while the prosecution is in the hands of Attorneys Homan and Shea.

LATER.—The following telegram was received from John M. Lewis, Jr., at 10:20 this forenoon:

COLUMBUS, Ind., Dec. 16.—In the case of the State of Indiana vs. Frank Coryell charged with the murder of Mrs. Ellen Banks, the indictment was quashed.

A telegram was also sent, notifying witnesses of the court's rulings and that it would be unnecessary for them to come, but this message was not received until after the northbound train had gone.

With the indictment quashed it is probable that Coryell will be brought to this county and held in jail until the next grand jury acts on his case.

Two Pointed Questions Answered.

What is the use of making making a better article than your competitor if you can not get a better price for it?

Ans.—As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

How can you get the public to know your make is the best?

If both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgment on them and use only the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy. For sale by C. W. Milhous.

Robbed the Grave.

A startling incident of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: I was in a most dreadful condition. My skin was almost yellow, eyes sunken tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying 'E. C. Bitters' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim! No one should fail to try them. Only 50 cents per bottle at W. F. Peter's Drug Store.

Mr. Hardin Norris, clerk of the drug store of R. Shoemaker, Perry, Ill., says: 'A man came into our store the other day and said, 'I want a bottle of that stuff that saves children's lives. I read in the News about it. The children may get sick when we can not get the doctor quick enough. It's the medicine you sell for croup.' He alluded to Chamberlain's Cough Remedy and bought a bottle before he left the store.' For sale by C. W. Milhous.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours, a sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention the REPUBLICAN and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its genuineness of this offer.

FATE OF THE CLEVELAND.

She Is a Total Wreck in Barclay Sound, Vancouver Island.

SAN FRANCISCO, Dec. 15.—Uncertainty as to the fate of the overdue steamer Cleveland, which sailed from this port Dec. 4 for Seattle, was cleared away by the receipt of a telegram last evening from Captain Hall, master of the ship, addressed to the owner, Captain Charles Nelson of this city. From the rather indefinite details so far received it appears that the steamer is a total wreck on the west coast of Vancouver island, in Barclay sound, 12 miles north of Cape Beale. The steamer broke down during a severe storm and ran ashore in Barclay sound. A part of the panic-stricken crew rushed for the small boats and have not been heard of since. There were two passengers aboard—W. L. Deitrick and Frank Gerth—both of whom are also missing. The cargo was valued at \$75,000.

Damages.

EVANSVILLE, Ind., Dec. 16.—A pecu-  
liar suit has been filed by Mrs. Nora  
Hedrick, in the Dubois county circuit  
court against Michael McNellis, a salo-  
onkeeper. The plaintiff asks for  
\$2,000 damages. Last July Herbert  
Hedrick, husband of the plaintiff, while  
intoxicated, shot the defendant in the  
leg. He was arrested and sent to the  
penitentiary. Mrs. Hedrick in her com-  
plaint claims that McNellis sold her hus-  
band whiskey, which intoxicated him  
and which caused the shooting affray.

While Switching.

BEDFORD, Ind., Dec. 16.—Conductor  
William D. Glover of the stone train,  
running between Bedford and the quar-  
ries, had both legs cut off at the knees  
yesterday. He was switching at Dark

Stock Farm.

MILTON, Ind., Dec. 16.—Rufus Lind-  
say of St. Louis, has purchased the late  
Isaac Kinsey's Beechwood farm for  
\$35,000. It is one of the finest farms in  
Indiana, consisting of 500 acres. The  
house is on a high hill, commanding a  
view of the Whitewater valley for miles,  
and has a fine park, surrounded by stat-  
uary. At night the park is illuminated  
by artificial gas. Mr. Lindsay will con-  
vert the place into a fine stock farm.

HANGING AND DYNAMITE.

Double Route Used by John Kelly in  
Selling.

WOODLAWN, Ind., Dec. 16.—John  
Kelly, who was but lately released from  
the Logansport insane asylum, has com-  
mitted suicide by hanging. To make  
suicide doubly sure Kelly hanged him-  
self from a rafter in the barn and ex-  
ploded a stick of dynamite by means of  
a slow fuse. His arms and legs were  
blown off. He was 43 years old, and  
leaves a wife and large family. Kelly  
was once quite prosperous.

Attempted to Kill His Wife.

SPEARSVILLE, Ind., Dec. 16.—John  
Taylor, who resides at Budd's station,  
came here last night, and in a quarrel  
with his wife shot her in the arm. Taylor  
had to be held to keep him from  
killing the woman after he had been  
disarmed. He said he was sorry the  
bullet did not strike her heart, instead  
of her arm.

Ate Impure Meat.

ELWOOD, Ind., Dec. 16.—Three more  
families in this city have been pros-  
trated by eating impure meat, and phy-  
sicians had difficulty in restoring sev-  
eral of the members. The families of

C. DePauw Glass company, which is in

issued letters to each of the creditors,

minated and the properties will be dis-  
posed of and its entire business closed  
up as rapidly as possible.

Serious Runaway.

BEDFORD, Ind., Dec. 16.—A horse and  
buggy driven by a woman ran away  
yesterday, dashing into the bridge at  
the end of the city. The horse was in-

yesterday ignored the indictment against  
General Felix Agans on the charge of  
criminal libel Senator George L.  
Wellington in The American on the  
morning of Nov. 26. The action of the  
grand jury does away with the proceed-  
ings for this term of court, at least.

MEXICO CITY, Dec. 16.—President

## HAWAIIAN SITUATION

Ex-Minister Foster Talks Entertainingly on Annexation.

### THE RECIPROCITY TREATY.

Refusal to Annex the Islands Would  
Leave That Instrument In Force and  
Its Political Clauses Might Become  
Embarrassing—Hawaii Likely to Turn to  
Great Britain If Refused Admittance.

WASHINGTON, Dec. 16.—Ex-Secretary  
of State John W. Foster, who, while a  
member of the Harrison cabinet, negoti-  
ated the first treaty annexing Hawaii to  
the United States, and who has since  
visited the islands and taken much in-  
terest in their acquisition, when asked  
yesterday as to the status of the annexa-  
tion question said in part:

"The opponents in congress of Ha-  
waiian annexation will not have dis-  
posed of the question by voting against  
and defeating this measure. They must  
decide what shall be the policy and con-  
duct of the United States toward the  
islands in the future. Having refused  
the application of the island govern-  
ment for incorporation into our union,  
such an act necessarily carries with it  
the right of the former to determine its  
own political destiny uninfluenced by  
considerations affecting the United  
States.

The senate and house both, said Mr.  
Foster, have declared that foreign in-  
tervention in the political affairs of the  
islands would be regarded as unfriendly  
to the United States.

"The rejection of annexation would  
in effect nullify the declaration cited,  
but there would still be the reciprocity  
treaty. It would be easy to annul the  
commercial clauses of that convention,  
but the political clauses of that treaty  
present a different question. They are  
two in number: 'First a stipulation on  
the part of Hawaii not to lease, dispose  
of or create any lien upon any port, har-  
bor or other territory to any other gov-  
ernment; and second, to grant to the  
United States the exclusive right to  
Pearl river harbor as a coaling and na-  
val station.' The first of these political  
clauses might terminate with the  
treaty and after the rejection of an-  
nexation it would be inconsistent on our  
part to insist upon its maintenance.

"The second clause, however, is held  
by the senators who ratified the treaty  
to be a permanent grant. The denun-  
ciation of the reciprocity treaty would  
still leave us with the grant of Pearl  
Harbor. It is the only place suitable  
for a naval station in those islands or  
anywhere within a radius of 2,000 miles.  
Whatever may be the sentiment of the  
American people as to annexation, I  
doubt whether they would approve of  
the surrender of this very valuable sta-  
tion for our growing navy. And yet  
with the rejection of annexation we  
must look forward to the certainty of  
its eventual surrender, as our occupa-  
tion would be impossible with the is-  
lands under the dominion of a powerful  
government.

"If the people of American origin  
now in control of the government are  
rejected by congress, they will, in my  
opinion, turn to their kinsmen, the En-  
glish and Canadians. They have learned  
from the colonial history of Great Brit-  
ain that wherever the British flag flies  
there follows equal taxation, and an  
impartial administration of the laws,  
and honest and orderly government.  
While I have no information as to the  
purposes of the present Hawaiian rulers,  
I feel sure that when it is finally ascer-  
tained that they are not to be annexed  
to the United States they will lose no  
time in opening negotiations with Great  
Britain, and the result of those negotia-  
tions will be neither slow nor uncer-  
tain."

FIFTY-FIFTH CONGRESS.

Senate Passes the Pelagic Sealing Bill—  
House Considers Appropriations.

WASHINGTON, Dec. 16.—The senate  
yesterday adopted the bill to prevent  
pelagic sealing by Americans, by a vote  
of 37 to 14. Amendments to kill all seals  
as they appeared at the rookeries of the  
Pribiloff islands if by June 1 England  
had not agreed to prohibit pelagic seal-  
ing, were voted down. The resolution  
seeking to appropriate \$250,000 for the  
relief of persons in Alaska, after debate  
was referred. The session closed with  
a civil service debate.

The house spent the day in the con-  
sideration of the legislative, executive  
and judicial appropriation bills. Only  
one amendment of importance has so  
far been adopted. It reduced the clerical  
force at the pension office, saving in  
salaries \$115,000.

Populists Will Caucus.

WASHINGTON, Dec. 16.—The Popu-  
lists have decided to hold a caucus to-  
night to outline their policies on pend-  
ing questions. They will probably op-  
pose the retirement of the greenbacks,  
the extension of further privileges to  
national banks, the annexation of Ha-  
waii and favor the recognition of Cuban  
independence and the repeal of the civil  
service law.

Senator Hanna.

WASHINGTON, Dec. 16.—Senator Han-  
na of Ohio returned to Washington last  
night. He was apparently in good  
health and appeared satisfied with the  
situation in Ohio.

Chicago Drainage Canal.

CHICAGO, Dec. 16.—In his inaugural  
address yesterday, President Bolden-  
week, of the Chicago drainage board,  
made the statement that the big drain-  
age canal which is to connect Lake  
Michigan with the Illinois river at Joliet,  
will be completed by the autumn of  
1899. So far over over \$25,000,000 has  
been expended in the work, extending  
over a period of five years.

## ILLINOIS STATE GRANGE.

The Organization Expresses Its Views on  
a Number of Subjects.

SPRINGFIELD, Ill., Dec. 16.—The  
State Grange Patrons of Husbandry  
have adopted resolutions favoring the  
election of United States senators by  
direct vote of the people; favoring the  
initiative and referendum; favoring in-  
ternational arbitration and equal suf-  
frage of sexes; opposing the retirement  
of the greenbacks; opposing the reduc-  
tion of taxes on national bank notes and  
the issuance of notes on the par value  
of their securities; against substitution  
of other than government bonds as  
security for national bank circulation;  
against the railroad pooling bill; favor-  
ing postal savings banks and free rural  
delivery of mails.

### WINDOWGLASS WORKERS.

Movement For Amalgamation Said to Be  
on Foot.

PITTSBURG, Dec. 16.—It is said that  
the fight in the windowglass workers'  
associations is likely to be complicated  
by an effort to form an amalgamation  
of the four trades—blowers, gatherers, cut-  
ters and flatteners—for the purpose of  
withdrawing from the Knights of Labor  
and joining the American Federation of  
Labor. A proposition with this end in  
view has been made by a number of dis-  
satisfied blowers and gatherers to the  
cutters and flatteners, and asking for  
a conference of the four trades next  
week.

## THE STAR OF HOPE.

"I had lost all  
hope and gone to  
my father's to die,"  
said Mrs. MOLE  
EVANS, of Mount  
Coryville, Ky., 72  
years of age, "I  
gave birth to a  
baby a year ago,  
the 5th of June last."  
She adds, "and  
seemed to do very  
well for 8 or 9 days,  
and then I began to  
feel very bad, my  
feet began to swell,  
and my stomach was  
all wrong and I  
suffered with every-  
thing that could be  
borne. I was in bed  
5 months and there  
was not a day that  
I seemed to live.  
We had the best  
doctors that our  
country afforded. I  
was a skeleton.  
Every one that saw  
me thought that I  
would never get  
well. I had palpi-  
tation and pain in the heart, terrible pain in  
my right side just under the ribs, terrible  
headaches all the time; a bearing down  
sensation; a distressed feeling in my stom-  
ach all the time; could hardly eat anything  
and it looked as if I would starve. All the  
time I would take such weak trembling  
spells, and it seemed as if I could not stand  
it. There were six doctors treating me  
when I commenced taking your medicine.  
I had lost all hope and gone to my father's  
to die. I commenced taking Dr. Pierce's  
Golden Medical Discovery and I took

"I weigh more than I have weighed for  
ten years. My friends said that I look better  
than they ever saw me. The first two bot-  
tles did me more good than all the medicine  
I had taken. My stomach has never hurt  
me since. I can eat anything I want and as  
much as I want. If you want to use this in  
favor of your medicine, I am a living wit-

who wants to know further of my case."

### SHOOTING AFFRAY AT A PARTY.

An Attempt to Put an Insulting Drunken  
Fellow Out of the House Results in the  
Instant Death of Three Men and the  
Fatal Wounding of Four Women.  
Forged Mileage Books.

CINCINNATI, Dec. 16.—Richard H.  
Willett, the missing cashier of the  
banks at Leavenworth, English and  
Marengo, Ind., is in this city. A dis-  
patch from English, Ind., printed here  
yesterday said Cashier Willett was very  
ill. Instead he was in good health and  
when the dispatch was written was on  
his way with his wife and lawyer, Mr.  
Hatfield of Boonville, Ind., from Aug-  
usta, Ga., to Cincinnati. He says he  
first went to Louisville and then to  
Augusta, where he remained until Tues-  
day. He determined then to return  
home after being told by his attorney  
that the assignee of the three banks  
which closed Nov. 9, by his departure,  
would pay all their debts. Mr. Willett  
says he is not a defaulter and says he  
left \$15,000 cash which could just as  
well have been taken with him. He fore-  
saw a coming crisis and fled because he  
feared personal injury owing to enemies  
he had made in the county seat contest  
in that county. He says he will return  
to Leavenworth Saturday and will do all  
in his power to assist the assignee in  
settling the affairs of the banks.

### BLOODY WORK AT A PARTY.

Three Men Instantly Killed and Four  
Women Fatally Wounded.

JEFFERSONVILLE, Ga., Dec. 16.—The  
citizens of this place were startled by a  
fusillade of pistol shots at the home of R.  
L. Califf, where a house party was in  
progress. The screaming of women  
aroused the town and the whole popu-  
lation gathered about the scene of the  
shooting, when it was discovered that  
three men were lying dead on the par-  
lor floor and three women and a girl  
fatally shot.

The parlor was a scene of gaiety,  
young folks dancing and singing alter-  
nately, and amusement was at its height  
when Shaw Griffin, a young man, under  
the influence of liquor, became too of-  
fensive in his manner toward the young  
ladies. Mr. Califf remonstrated with  
him and advised him to go home. This  
enraged Griffin and he drew a pistol  
and began to rave and make threats  
against his host. Califf, knowing Griffin  
to be a dangerous man, prepared him-  
self and ordered the offender to  
leave the house.

This precipitated a fight. Seven shots  
were exchanged, both principals dropped  
dead and Clarence Jones, a young man,  
was also instantly killed, the three men  
falling within a radius of a few feet.  
As soon as the first shot rang out the  
young ladies began to flee for their lives  
and before the room was clear two of  
them were fatally wounded. Califf  
fired three shots, all three taking effect—  
one striking Griffin in the right temple  
and two in the breast. Griffin fired four  
times. One shot entered Califf's breast,  
killing him instantly, another struck  
Clarence Jones in the head and death  
ensued an hour later. Mrs. Califf was  
shot in the abdomen and her seven-year-  
old daughter in the neck.

When the fighting commenced the  
young people began to flee from danger,<

## Suffered 20 Years.

MRS. MARY LEWIS, wife of a prominent farmer, and well known by all residents of Belmont, N. Y., writes: "For twenty-seven years I had been a constant sufferer from nervous prostration, and paid large sums of money for doctors and advertised remedies without benefit. Three years ago my condition was alarming; the least noise would startle and shiver me. I was unable to sleep, had a number of sinking spells and shortly grew worse. I began using Dr. Miles' Restorative Nervine and Nerve and Liver Pills. At first the medicine seemed to have no effect, but after taking a few bottles I began to notice a change; I rested better at night, my appetite began to improve and I rapidly grew better, until now I am as nearly restored to health as one of my age may expect. God bless Dr. Miles' Nervine!"

Mass Convention.

The Republicans of the city of Seymour are called to meet in mass convention at the council chamber on Monday evening, January 10, 1898, at 7:30 o'clock for the purpose of electing a committee from each ward. All Republicans in Seymour are urged to be present. By order of committee.

W. H. BARKLEY, Chairman.

BRYAN is telling the Mexicans what the blessings of free and unlimited coinage of silver are, and getting applauded.

What President Parsons had to say to the Legion in the way of criticism of the school history used in Indiana sounds very nice, but it would sound still better if Prof. Parsons were not a member of the state board of education which accepted and adopted the school history as it now is.

It is not statesmanship that actuated the democrats in congress to meet in caucus and pass resolutions to obstruct important legislation during the present congress but democratic politics. It has ever been thus with the democratic party. The caucus resolutions surprise no one. Nothing better was expected from the Bailey leadership.

The Goss family.

The Goss family, of this county, which held a reunion last Sunday, is a remarkable one in some respects. There are ten children living, ranging in age from forty-one to sixty-one. There are seven boys, who average 210 pounds in weight, and three girls, who average 160, the family of ten weighing exactly 2,150 pounds. Two of the sons measure exactly five feet, ten and three-quarters inches in height, and two others five feet, ten and one-half inches, while the greatest difference in height, of all the boys is only three inches from the least to the tallest. The family and descendants number nearly one hundred. All are farmers save two one being a civil engineer in New Mexico, and the other a miner in the Klondyke region.

The annual meeting of the Seymour Bible Society, auxiliary to the American Bible Society will be held at the Presbyterian church, Sunday evening, Dec. 26, at 7 o'clock. Rev. W. J. Vigus state agent of the society, will be present. An interesting program is being arranged. Everybody is cordially invited to anticipate. The choir of the participating churches are specially and urgently requested to assist.

C. R. HOFFMANN.

Cascarets stimulate liver, kidneys and bowels. Never sicken, weaken or gripe. 10c.

## MONTHLY SUFFERING.

Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, sides hips and limbs. But they need not suffer.

These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.

## Wine of Cardui

makes menstruation painless, and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all this pain. Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle to-day?

For advice, in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

Mrs. ROZENA LEWIS, of Genaville, Texas, says: "I was troubled at monthly intervals with terrible pains in my head and back, but have been entirely relieved by Wine of Cardui."

#### INDICTMENT QUASHED.

Case of the State vs Frank Coryell Ended Suddenly at Columbus.

The case of Frank Coryell charged with the murder of Mrs. Ellen Banks was called in the Bartholomew circuit court today. About fifty witnesses from this county went up this forenoon. The prisoner is represented by attorneys Lewis & Lewis and D. A. Kochenour, while the prosecution is in the hands of Attorneys Honan and Shea.

LATER—The following telegram was received from John M. Lewis, Jr., at 10:20 this forenoon:

COLUMBUS, Ind., Dec. 16.—In the case of the State of Indiana vs. Frank Coryell charged with the murder of Mrs. Ellen Banks, the indictment was quashed.

A telegram was also sent, notifying witnesses of the court's rulings and that it would be unnecessary for them to come, but this message was not received until after the northbound train had gone.

With the indictment quashed it is probable that Coryell will be brought to this county and held in jail until the next grand jury acts on his case.

Two Pointed Questions Answered.

What is the use of making making a better article than your competitor if you can not get a better price for it?

Ans.—As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

How can you get the public to know your make is the best?

If both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgment on them and use only the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy. For sale by C. W. Milhous.

BORN.

Ed. McDonald and wife are feeling proud on account of a fine daughter born to them Tuesday December 14, 1897.

A son was born to B. E. Lethman and wife Tuesday December 14, 1897.

Robbed the Grave.

A startling incident of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying E. C. Bitters and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim! No one should fail to try them. Only 50 cents per bottle at W. F. Peter's Drug Store.

Mr. Hardin Norris, clerk of the drug store of R. Shoemaker, Perry, Ill., says: 'A man came into our store the other day and said, 'I want a bottle of that stuff that saves children's lives. I read in the News about it. The children may get sick when we can not get the doctor quick enough. It's the medicine you sell for croup.' He alluded to Chamberlain's Cough Remedy and bought a bottle before he left the store.' For sale by C. W. Milhous.
